Results that speak for themselves - Rush Green and Booker Avenue Schools

Rush Green Primary School has been using Jolly Phonics for over 10 years. Lucy Davies, English Lead, tells us why.

"For us, we want our children to be able to be successful readers and writers by the time they leave school and Jolly Phonics is part of the foundations for this. Almost 20% of our school population live in the worst 20% deprived parts of the UK and 68% of our pupils live in the top 30% deprived areas in the UK. Over the course of the year, children make huge amounts of progress. This is what is so great about the Jolly Phonics programme, it is so flexible and easy to implement and suitable for all learners."

Headteacher, Lynne Brown, tells us why Jolly Phonics is trusted in Booker Avenue Primary School.

"As a school we wanted a programme that was not only ambitious but that would excite and engage our entire school family. We feel with the Jolly Phonics programme we have achieved this and developed our aim of fostering and instilling a love of reading and phonics throughout our school."

Research Highlights

- Child-centred approach enables children to make rapid progress

Our Programme

A whole-school approach to high-quality literacy teaching

The programme continues through the school years, by extending the earlier phonics teaching with further spelling, grammar and punctuation concepts. Each year of teaching provides continuous revision and consolidation of topics taught in previous years. This enables children to spell and punctuate more accurately, use a wider vocabulary and have a clear understanding of how language works.

Sample pages show how phonics, grammar, spelling and punctuation concepts are introduced through the programme. These pages are from the Phonics and Grammar Pupil Books. The same content can also be found in the Phonics and Grammar Handbooks.

Phonics (Reception)

sample lesson plans on our website

Children are taught the 42 letter sounds, how to write them, how to blend the sounds for reading and how to identify the sounds in words for spelling and writing. Alongside this children learn about tricky words as well as being introduced to the alternative spellings of vowels.

Grammar (Years 1-6)

Children are introduced to parts of speech to include nouns, verbs, pronouns, adjectives, adverbs, prepositions and conjunctions. Colours and actions are used to help children identify parts of speech in sentences.

The examples above show how children are taken through the various forms that verbs may take.

Spelling (Years 1-6)

Children are initially taught one way of spelling a sound before gradually learning that the same sound can be represented in a number of different forms. They start with the common variations, before progressing to other, more unusual spelling patterns that occur as the children develop their vocabulary for reading and writing.

The examples above show how children are taken through the different spellings of the /ai/ sound.

Punctuation (Years 1-6)

Children are introduced to punctuation concepts and continue to revise these throughout the school years. Starting with full stops and speech marks, children will then learn how to use exclamation and question marks, colons and semi-colons, hyphens, commas, bullet points and much more.

The examples above show how children are introduced to new punctuation.

Give your children the best start to their phonics journey!

Everything you need to teach your lessons.

Choose from write-in pupil books and teacher's book, interactive software, or handbooks. Same content, different delivery.

- A year's worth of engaging lessons are provided in each of the core teaching resources
- With actions, stories and songs for each of the letter sounds, the teaching is fun and multi-sensory
- Enables children to meet the expectations of the Phonics Screening Check and National Curriculum
- Step-by-step plans for every lesson are included
- Bursting with practical, playful and purposeful activities to keep children active and engaged
- Provides detailed insights on the teaching approach
- Continuous revision and consolidation of topics previously taught

Enables you to teach the 5 key skills needed for reading and writing.

1. Learning the letter sounds

Children are taught the 42 main letter sounds. This includes alphabet sounds and digraphs, such as /sh/, /th/, /ai/ and /ue/.

2. Learning letter formation

Using different multi-sensory methods, children learn how to form and write the letters.

3. Blending

Children are taught how to blend the sounds together to read and write new words.

4. Identifying the sounds in words

Listening for the sounds in words gives children the best start for improving spelling.

5. Learning tricky words

Tricky words have irregular spellings and children learn these separately.

Letter sound order

The sounds are taught in a specific order (not alphabetically). The first group has been chosen as it makes more simple three letter words than any other six letters. This enables children to begin building words as early as possible.

Teachers and parents

Before tackling these Orange Level Readers, a child will need to be able to do the following:

- Say the sounds made by the lower-case letters and capital letters shown below.
- Match the lower-case letters to the corresponding capital letters.
- Read (silently) regular words containing these letter sounds.

Letter sounds: a t i p n
Capital Letters: S A T I P N

Tips for teachers and parents

- Some English words have silent letters, such as the 's' in 'sign', which are not pronounced when the word is read. In these books, silent letters are shown in hard type. Remind the child not to say the hard letters when blending the word.
 - The letter 'o' is sometimes pronounced 'oo', especially at the ends of words such as 'to' and 'go'. Children do not usually have trouble reading these words, but they might need some help and guidance at the beginning.
- An important part of becoming a confident, fluent reader is a child's reading comprehension. Below are some suggestions on how to develop a child's reading comprehension.
- Encourage the child to think about what might happen next. It does not matter whether the answer is right or wrong, so long as the suggestion makes sense and demonstrates understanding.
 - Pick out any vocabulary that might be new to the child and ask what it/he thinks it means. If s/he does not know, explain it and relate it to what is happening in the book.
 - Encourage the child to summarise what s/he has read.

What's in the book?

- What is Pip doing while Stan and Pip play snap?
- What is the dog called?
- Who breaks the coffee table?

What do you think?

In the picture on page 5, how do you think Pip feels?
Is competition? Why do you say that?
